"Youth carving"

Young people aged 12 to 14 can attend any of our carving or woodcarving courses all year round, together with an accompanying person who is taking part in the same course.

Austrian Woodcarving Weeks 2025 Programme

This year we will offer two opportunities to join the Austrian Woodcarving Weeks either from the **26th of April until the 10th of May** or from the **4th until the 18th of October 2025**

Spend your carving holiday in the wonderful Alpine landscape of the Lech Valley and improve your carving skills. During our daytrip to Oberammergau etc. together with the non-carvers, you will learn a lot about the surroundings and traditions of the area.

New!!! You can either carve or do modelling both weeks or mix and match with other courses!

In April/May you have the following possibilities beside carving and modelling:

during the first week:

- Stone sculpting
- Painting objects with stain and watercolors (2 ½ days)

during the second week:

- Wood turning
- Willow weaving

In October you have the following opportunities beside carving and modelling:

during the first week:

- Chainsaw carving
- Painting and gilding

during the second week:

- Bronze casting
- Wood turning

Sounds interesting? Some of the courses can also be done 2½ days so you could carve 1 ½ week and test something new for half a week. Just let us know if you are interested in mixing courses and we will let you know how we could combine it and what the supplement would be.

Austrian Woodcarving Weeks 2025

Carvers' Programme

Arrival on Saturday (or Sunday): arrive without any rush have a nice dinner and start to acclimatize

Sunday: Enjoy an long nice breakfast start your hoiday in a relaxed manner. Maybe take a walk through our little village and get to know the surroundings. The first meeting is on Sunday evening at 6 pm with your instructor. Get to know your teacher and new carving friends.

Weekly schedule for the courses:

There will be tutored carving from Monday morning until Friday evening. This will give you ample opportunity to start and finish your carvings. Also, use the time to join the special theory classes, which are held in parallel to the practical course.

The first Saturday we will take our day trip to Oberammergau - famous for its passion plays and also for their carvings. The second Saturday the class will last until lunch.

Classes start at 8:30 am until 6 pm with breaks for lunch and coffee/tea etc.

Austrian Woodcarving Weeks 2025

Non-Carvers' Programme

The programme for non-carvers offers some exciting tours and a variety of activities in the beautiful surroundings of the school. Enjoy the time for pleasant walks and relaxing outdoor activities.

Each week there will be 2 half-day tours nearby. Several local sights are worthy of exploration including a hanging footbridge, a cheese maker, a glass etcher, or our nice little museum in Elbigenalp. A ride up a mountain or an interesting herb walk are other possibilities, depending on the weather. Minimum participants for the half day tours: 4 persons.

If one or more persons are interested in doing other tours we will be glad to help you to organize that for you. Please note that these tours are not included and will be charged - price will vary depending on the number of participants.

You can spend your free days relaxing, hiking, Nordic walking (poles provided), biking alongside the Lech river etc. or maybe try something new and join a course for some days... The full day tour together with the carvers is also included.

Full day tour to Oberammergau

We will ride along the mysterious lake Plansee, make a stop at King Ludwigs small beautiful hunting castle "Linderhof". After passing the abbey Ettal we will go to Oberammergau (Germany) world famous for its passion plays. Here you can find masterful "Air painting" on the facades of the houses, a lot of carving art and handicraft stores. On our way back we will pass Füssen located on the southern end of the "Romantic Road" one of the nicest small towns of Bavaria.

Theory Programme

As a valuable addition to the practical course, we have put together a carefully selected theoretical programme for you! This will help you to realise your own ideas. Alongside our course instructor, a dedicated theory teacher will provide you with valuable specialist knowledge during the course week.

The combination of practice and essential background knowledge is the ideal tool for perfecting your skills after the course and will help you to realise your own ideas. We also attach great importance to individual support for our course participants in the specialist theory programme. Topics are examined in detail in the form of one to two-hour modules.

Professional Programme

Fascinated by sculpting?

We offer flexible, professional training tailored to your schedule, preparing you for the sculptor exam. Learn practical techniques in wood, stone, clay, bronze, and more, including restoration and large-scale projects. Experienced sculptors guide you through both theory and practice, following the official curriculum. Career options after completion include roles in sculpture, design, restoration, education, and more — whether as a freelancer or as an employee.

Certificates

For those who wish to study a sculpting subject in more depth, we offer a selection of certificates, each lasting between 6 and 10 weeks.
